Mobility Hub Construction begins November 2026

Construction of the Inglewood Transit Connector's Market/Florence and Market/ Manchester Mobility Hubs begins in November 2026. See below for details:

Market/Florence

Market/Manchester

Beginning in Early November 2026:

- Installation of construction fence around the sites.
- Site preparation and demolition work.

Work hours: Monday - Saturday, 7 AM - 7 PM

Changes to Travel, Parking and Access: Temporary changes to traffic, transit, parking and pedestrian routes will occur as construction progresses. Before changes begin, we'll explain what to expect and how to get around. Email info@InglewoodTransitConnector.com to sign up for updates.

Construction Truck Traffic & Noise: You may notice construction noise and additional truck traffic near active sites. Trucks will enter and exit the sites via Florence Ave., Regent St., Market St., and Manchester Blvd.

More to Come at Market/Hillcrest

Construction of the Market/Hillcrest Mobility Hub will begin at a later date. Stay tuned for updates on schedule and what to expect.

Streetscape Improvements Begin Early 2027

In response to community feedback, streetscape construction has been rescheduled to begin in early 2027, after the holiday season. More details about where work will begin, the schedule and what to expect will be shared soon - stay tuned!

A more connected Inglewood is taking shape. Thank you for your patience along the way.
